On January 1, 2017, the Town of Rockport will be adopting the 2013 FDA Food Code for all Food Operations. There are several updates to the 2009 FDA Food Code that the Town currently operates under including new language, temperatures, and definitions. The Rockport Board of Health has arranged for ABC Food Protection – a Rockport-based Certified ServSafe® Instructor and Registered Exam Proctor – to provide a complete class and examination for the ServSafe Food Protection Manager Certification based on the 2013 FDA Food Code on Wednesday, November 2nd, 2016 from 1-3 p.m. at the Rockport Senior Center/Community House at 58 Broadway, Rockport.

ABC Food Protection uses a combination of lecture, visual presentation, video and the most recent text from the National Restaurant Association to deliver a well-rounded presentation of the material through its six hour class which is followed immediately by the written examination which you will have up to two hours to complete. Upon paid registration, students will receive the *Official ServSafe Text Book* which will allow them the opportunity to pre-study for the class and exam. A light breakfast and lunch will be provided.

Through an arrangement with the Rockport Board of Health, ABC Food Protection is offering this class at a reduced rate. Typically **\$150**, you may register for this class for only **\$120 (a 20% savings)** if paid in full before October 7th. Additionally, any registrants paid in prior to October 19th, 2016 may do so at a reduced rate of **\$135 (a 10% savings)**. After October 19th all registration will be at full price. Because this promotion is being offered exclusively through the Board of Health, these prices will not be reflected on our website. Please contact ABC Food Protection directly and mention this promotion at paul@abcfoodprotection.com or 978.390.2525. Cash, Check & Credit are all accepted. The Board of Health cannot accept payment for the class.

Exam results are generally available within ten days. If for any reason you do not pass the exam on the first attempt *and were present for the entire class*, ABC Food Protection will allow you to retake the exam within sixty days of the initial date at no additional charge.

ABC Food Protection Instructor and Proctor, Paul Franklin is a Rockport native with over 20 years experience. This practical application offers his instruction real life scenarios and anecdotes of what can go wrong and must be done to protect your customers, clients, patients and any other people who will put the safety of their food in your hands.

Registration is limited to 35 attendants.
